

FARIBORZ KOREVLI

FRONT-END DEVELOPER

SUMMARY

Experienced Vue front-end developer with +8 years of experience in developing high-quality web applications across SPA, SSR, and PWA modes using Vue 2 and Vue 3. Skilled in leveraging frameworks and libraries like Quasar, Vuetify, Vuesax, Bootstrap Vue, Element UI, Telegram-web-app, and Web3.js to deliver intuitive user interfaces and engaging user experiences. Proficient in working independently as well as part of a team to deliver high-quality projects on time and with a high standard.

Currently expanding expertise into ReactJs to be a strong candidate for React projects.

EXPERIENCE

Frontend Developer

Adan AI | December 2024 - Present

- Company Overview: Adan AI is a leading AI-driven company specializing in Natural Language Processing (NLP) and advanced chatbot development. They empower businesses with cutting-edge solutions that streamline customer interactions and automate communication workflows
- Built a modular chatbot supporting both AI bots and live agents (Chatwoot v3 – Vue 2, Chatwoot v4 – Vue 3)
- Implemented user-facing panel and admin dashboard for chatbot management and analytics (Chatwoot v3 – Vue 2, Chatwoot v4 – Vue 3)
- Delivered production-ready chatbot interfaces for Mellat Bank's website and mobile banking app (Dima), and for Tehran University's web platform
- Extended self-hosted Chatwoot with custom features, including bot learning via admin-uploaded FAQs and documents
